

# Sonic Youth, Dissapear

here it comes again - out of the rain  
seems to have a new - kind of same  
been it playing on a - simple rhyme  
the site comes alive and - speaks the mind  
it turns to me and - it turns to gold  
it turns to see a - the fast lane slow  
it's been a way too long  
it's been the way I gone  
it's a-coasting on  
to the west star  
looking out I thought I - saw it blink  
coming on to me - like a silver eye  
pick it up and - turn it on and  
head on out to a - western starland  
it's been a man and gone (?)  
now it's a singing song  
like a western star  
it's going my way  
looking out I'm back in - time to stay  
into the eastern - silent way (?)  
comes alive through - through and clearer (?)  
ghost arise to - dirty mirror (?)  
you've been away too long  
it's been way too long  
an eastern star is on  
a disappearer
