

Sonic Youth, Hotwire My Heart

Insulation
In my circulation
Emanating rhythm
Sick of that incision
Nazi operation
Devastation
Wire up the radio
And an emanating rhythm
Wire up the radio
Turn the treble and find my limit

Hotwire my heart
Hotwire my heart
Hotwire my heart
Like this!

Next thing you know
They're moving in
Pull the zipper
It's sliding in
I don't have a reason
Honey bring yr best men
Wire up the radio
And an emanating rhythm
Wire up for the cranial
Turn the treble and...

Hotwire my heart
Hotwire my heart
Hotwire my heart
Like this!

Kickin' in the night shifts
Greasing up my fingertips
They can't find us
Everybody's trying to
Got my eyes on the controls
Hand over let's go

Wire up the radio
And an emanating rhythm
Wire up the, the radio
Turn the treble and find my limit

Hotwire my heart
Hotwire my heart
Hotwire my heart
Like this!
