

# Sonic Youth, Jams Runs Free

Blasted Earth, om immersed.  
Gold in cave, the blondes come first.

I love the way you move.  
I hope it's not too late for me.  
It's too good on the sea,  
Where the light is green,  
Where the light is green.

Jagged brain, slow refrain.  
We love the jams, and jams run free.

I love the way you move.  
I hope it's not too late for me.  
It's too good on the sea,  
Where the light is green,  
Where the light is green.

Jagged brain, slow refrain.
