

# Sonic Youth, Silver Son

[Thurston]

Snake in it  
jack into the wall  
TV amp on fire  
blowin' in the hall  
gun yr. sled  
close yr. peeping toms  
turbo organizer  
crankin' on the knob

You got it  
yeh ride the silver rocket  
can't stop it  
burnin hole in yr pocket

hit the power  
psycho helmets on  
you got to splice yr. halo  
take it to a moon  
nymphoid clamor  
fuelling up the hammer  
you got to fake out the robot  
and pulse up the zoom

You got it  
yeh ride the silver rocket  
can't stop it  
burnin hole in yr pocket

can't forget the flashing  
can't forget the smashing  
the sending and the bending  
the ampisphere re-entry  
You gotta have the time  
Got a letter in your mind  
Gotta heart injection  
That you got yourself a line

You got it  
yeh ride the silver rocket  
can't stop it  
burnin hole in yr pocket
