

Sonic Youth, Trilogy: The Wonder

[Thurston]

See flashing eyes
They're flashing 'cross to me
Burnin' up the sky
Sunshining into me
Your locus crown
Cop-killin' heartbeat
Head's lookin' down
Bowin' out, to the street

I'm just walkin' around
Your city is a wonder town

Lips red to white
Lips green in black night
Your spirit flares
Flarin' up leonine

I'm just walkin' around
Your city is a wonder town

Transmitter rhyme
Transmitter, all the time

Lookin' up to the sky
I'm seein' ghosts flyin'

I'm just walkin' around
Your city is a wonder town

I think I've been there, once before
Something tells me, there's so much more
She's back in town, to even the score
It's time to go

See flashing eyes
They're flashing 'cross to me
Burnin' up the sky
Sunshining into me
Your locus crown
Cop-killin' heartbeat
Head's lookin' down
Bowin' out, to the street

I'm just walkin' around
Your city is a wonder town
