

SONICFLOOD, Write Your Name On My Heart

God above
In You I live and breathe
And You will always be
Son of God
I owe my life to You
Your promises are true
Your love goes on and on forever

So write Your name upon my heart
Burn Your word into my mind
Make a temple of this body
Let Your Spirit move inside
I have wandered through the valley
And I have wondered who I am
So live in me, make Your mark
And write Your name upon my heart

God above
The first, the last, the same
All glory to Your name
My Jesus
It's You who I adore
Lamb of God and Savior
Your love goes on and on forever

Imprint on every part of me
The image of the Son
And complete in me the work
You have begun
