

# Sonny Burgess, We Wanna Boogie

Well I jumped in my flivver, took my baby to town  
We wouldn't do nothing, just catin' around  
Just catin' and a-boogin' all over town  
Headin' down Front Street baby, and all over town  
Man you oughta see the lights when the sun goes down  
Just a-poundin' and a boogin' and a-paintin' that town

Went out to the dance hall and cut a little rug  
Oh we're runnin' like wildfire and hittin' that jug  
Just a-poundin' and a-boogin' all over town

Yeah we're gonna pound and we're gonna boogie  
Yeah we're gonna pound and we're gonna boogie  
Just poundin' and a boogin' all over town
