

# Sonny & Cher, The Revolution Kind

I'm glad I'm here just like you  
And if I say a thing or two  
That doesn't mean I'm all that mad  
Or that I think this place is bad  
We got a land and the land is free  
And no one loves it more than me

[Chorus:]

But a man's got a right to talk about  
What's on his mind  
That doesn't necessary mean  
He's a revolution kind

Destruction is near we heard the moans  
But I got conclusions of my own  
Have I got some kid I have to teach  
That if somebody makes a speech  
And what he said you don't agree  
Just let him scream the man is free

[Chorus]

These words all have been said before  
By men who have to go to war  
By men who cried and kiss their wife  
By men who had to give their life  
By better men than me  
That's why this land we have is free

[Chorus]

Oh no  
Oh no  
Oh no  
Oh no
