

Sonny & Cher, You And I

Here we are honored together
It's you and I
And God had made us fall in love, it's true
I really found someone like you
Make it stay, the love you feel for me
Make it say, you'll always be by my side
To see me through until my life is through

In my mind, in my mind, in my mind
We could conquer the world
In love you and I
You and I, you and I

I'm so glad at least in my life
I found somebody
I know we'll be here forever
To see me through
Hey baby, I get my strength from you

I only pray that I may bring you
A brighter day
That's why I'm living
My baby, can't you see
You mean everything to me

Cause in my mind
(In my mind, in my mind)
How you will stay here always
In love you and I
You and I, you and I, you and I

In my mind
We could conquer the world
In love you and I
You and I, you and I
