

Sonny & Cher, You've Got A Friend

If you're down and troubled
And you need some loving care
And nothing
Ah nothing is going right
Ah baby
Close your eyes and think of me
And soon I will be there
I'm gonna brighten up
Even your darkest night

[Chorus:]

You just call out my name
And you know wherever I am
That I'll come running to see you again
Ah baby, don'tcha know now
Winter, spring, summer or fall
All you gotta do
All you gotta do is call
And I'll be there, yes I will
You've got a friend

Now if the sky above you
Grows dark and full of clouds
And that old north wind begins to blow
Ah baby, keep you head together
And call my name out loud
Soon you're gonna see me
I'm gonna be heading
Straight for your door

[Chorus]
