

# Sons Of Butcher, In Thru the Out Hole

In through the out hole  
My number one goal

I'm going in  
In through the out hole of love  
Please let me in  
It's the one place I've never been

What do I gotta do?  
For the hole to let me go through  
Oooh  
Ahhh

I'm going in  
In through the out hole of love  
Please let me in  
It's the one place I've never been

I'm going in  
In through the out hole of love  
Please let me in  
It's the one place I've never been

I declare  
In through the out hole  
The out hole's mine
