

Sons Of The Desert, Burned In My Mind

It's about time you came around
I'm still trying to figure out
What's so good about
This life you found
Yes, I'm doing fine now
But I'm still trying to figure out
Just when I lost you
Where and how

But it's tried and it's true
And there's nothing I can do
But make it through everyday

Johnny Walker's on the table
He tends to soothe since you're unable
Day after day, after day
Johnny's walking all over me
Slowly gaining control
Of my destiny

But it's tried and it's true
And there's nothing I can do
But make it through everyday

You make the pain go away
When you say
You still love me
You warm the chill that's in my heart
When you start
With the stories of yesteryear
When you were here
I don't know why I can't let go
I'd like to say goodbye

But you're burned in my mind
You're burned in my mind

But it's tried and it's true
And there's nothing I can do
But make it through everyday

Well it's about time you came around
I'm still trying to figure out
What's so good about this life you've found
You make the pain go away
When you say you still love me
You warm the chill that's in my heart
When you start with the stories of yesteryear
When you were here
I don't know why I can't let you go
I'd like to say goodbye

But you're burned in my mind
You're burned in my mind...
