

# Sons Of The Desert, What I Did Right

I have my heroes, but no one knows their names  
They never asked for recognition, they never wanted fame  
My Granddad fought the second World War  
When he was just eighteen  
He spent four months as a prisoner  
To give me the American dream  
In my eyes he's everything, all I hope to be  
And I won't forget that day he said he was proud of me

So I'll take that one day and figure out what I did right  
I'll do it the same way for the rest of my life  
What I did right

I have my good friends, they have a place inside my heart  
But my best friend, well she holds the  
Biggest part  
She finds the good in me  
She knows just what it takes  
And she loves the man in me  
Through all my mistakes  
In my eyes she's everything, everything to me  
And I won't forget the day she said,  
"You're all I need"

So I'll take that one day and figure out what I did right  
I'll do it the same way for the rest of my life  
What I did right

And I hold my newborn baby  
To give her comfort while she cries  
In this moment I feel helpless  
'Til she looks into my eyes, her tears subside

So I'll take that one day and figure out what I did right  
I'll do it the same way for the rest of my life  
What I did right
