Sons Of Thunder, Destroyer

You're in our sights
And our message bites
You might say we're wrong
But we shut our face to long

We let it all out now
We let it all out now

Destroyer
We're destroyers
We kill your attitude
Yeah

We break your rules
Cause we're like Jesus-fools
You can scream this sucks
But know that Jesus rocks

We let it all out now
We let it all out now

Destroyer
We're destroyers
We kill your attitude
Destroyer
We're destroyers

Destroyer
We're destroyers
We kill your attitude
Destroyer
We're destroyers
