

Sophia, Bastards

some men are bastards and some men are swine
but most are just afraid of being alone all their lives
oh I pray I'm not alone when I die

and some men are wicked but some men are kind
but most are just trying to find a place to hide
oh I pray I'm not alone when I die

some men are bastards and some men are swine
but most are just trying to find a place to hide
and some men are wicked but some men are kind
but most are just afraid of being alone all their lives
oh I pray I'm not alone when I die
