

Sophia, Oh My Love

I thought I knew ya
But I guess I was wrong
You only see the things you convinced yourself you saw
But like you said I guess ya
Maybe I'm blind
Well why don't you open your eyes
You might like what you find

Chorus:
'Cause I been waiting
For such a long time
Your love is still
Fresh in my mind
And oh my love though I wait
Can't you see
I can't wait forever for you to say you love me

I thought I knew ya
But I guess I was wrong
You only see the things you convinced yourself you saw
But like you said I guess ya
Maybe I'm blind
Well why don't you open your eyes
You might like what you find

Chorus

And oh my love
Though I wait
Can't you see
I can't wait forever for you to say you love me

Chorus

And oh my love
Though I wait
Can't you see
I can't wait forever for you to say you love me

And oh my love
Though I wait
Can't you see
I can't wait forever for you to say you love me
