

# Sophie B. Hawkins, Sweetsexywoman

I could worship you  
And I do  
Nobody knows how true I stay  
Even when I pray  
I'm making love to you  
A tuneless song  
Like the dawn  
Nobody can hold onto you  
Even though they do  
They're wrong

Sweet sexy woman  
I was born to love you  
Now I'm hypnotized  
I have traveled many lifetimes  
In search of  
Your golden eyes

Sweet sexy woman  
I was born to love you  
Now I'm mesmerized  
I have waited many lifetimes  
To look inside  
Your golden eyes

Someday you will come to me  
And I'll give you all that I am and everything  
That's meant to be  
My love is a fountain and you can drink free  
Fill up on all of your needs and then some

Someday you will come to me  
And I'll give you all that I am and everything  
That's meant to be  
My love is a mountain  
And you can climb free  
You can cross all of my peaks and then some

Someday you will come to me  
And I'll give you all that I am and everything  
That's meant to be

My love is an ocean  
And you can come free  
You can float over my body or  
Lay down next to me
