

Sophie Ellis-Bextor, If I Can't Dance

Chorus:

If I can't dance

If I can't dance

Oh, baby, if I can't dance

If I can't dance

If I can't dance

Then I don't want any part of your revolution

A new dawn waits for us tonight

If you play the cards, you're holding right

I swear I'll keep in party line

Cross my heart and hope to die

If I lose myself to rhythm

Doesn't mean I lose control

Chorus:

If I can't dance

If I can't dance

Oh, baby, if I can't dance

If I can't dance

If I can't dance

Then I don't want any part of your revolution

Can you see the action in my head?

The town we're painting turning red?

We need a new wave I can ride

If we are ever gonna turn this tide

Politicize my own endeavors

I've no use for your protocol

Chorus 2x

Oh darling don't be so unkind

The beat must never be denied

Chorus 2x
