

# Sophie Zelmani, Goodbye

I told you once, I did  
after you'd taught me how  
It was never in my beliefs  
I'd ever learn to say goodbye  
How do you say goodbye?  
How do you get free?  
I tried to say goodbye  
but you're still here with me  
If you say you never were here  
that you've never been seen  
I wonder where we'd stand  
if you had stayed in my dreams?  
You should have stayed in my dreams  
You should have made me stop  
Cause you were just a dream  
since I had given up  
How do you say goodbye?  
How do you get free?  
I tried to say goodbye  
but you're still here with me  
How do you say goodbye?  
How do you get free?  
I tried to say goodbye  
but you're still here with me
