

Sophie Zelmani, Goodbye

I told you once, I did
after you'd taught me how
It was never in my beliefs
I'd ever learn to say goodbye
How do you say goodbye?
How do you get free?
I tried to say goodbye
but you're still here with me
If you say you never were here
that you've never been seen
I wonder where we'd stand
if you had stayed in my dreams?
You should have stayed in my dreams
You should have made me stop
Cause you were just a dream
since I had given up
How do you say goodbye?
How do you get free?
I tried to say goodbye
but you're still here with me
How do you say goodbye?
How do you get free?
I tried to say goodbye
but you're still here with me
