

# Sophie Zelmani, Leaving

You still love her  
You dont know me yet  
So Im leaving  
before you do  
So dont whisper  
Dont wonder  
Dont miss her  
Just go and find her  
I make your choice  
I make your wisdom  
I make you fall  
from your resistance  
I will think  
that Im just too late  
I will think hard  
it has nothing to do with me  
So Im leaving  
while Im stronger  
Im leaving  
because our love is younger  
I make your choice  
I make your wisdom  
I make you fall  
from your resistance  
I make your choice  
I make your wisdom  
I make you fall  
from your resistance
