

# Sophie Zelmani, Losing You

I can tell by your look  
There's something missing, something I took  
I can tell by the way you sound  
Won't be long, you won't be around

(CHORUS)  
Oh, I'm losing you (x2)

Was it my words? Or my silence?  
I know it hurts, my kind of violence  
Won't you tell how I hurt you?  
Won't be long, you won't be around

CHORUS
