

# Sophie Zelmani, To Know You

To know you  
Means a lot of things  
Lot of love, lot of dreams

You are a world  
I can't explore  
You're a scene  
Got a feeling about  
What that's gonna mean

To be around you  
Means I can't be there  
Got to take my mind  
Out of there

To explain you  
Means my heart in show  
You are the reminder  
Of the nothingness  
I'm open to
