

Sorana & David Guetta, redrum

Done, done, done
Done, done, do-done
Done, done, done
Done, done

Emergency room
They say bruises on a heart
What can I do
I tried aeverything so far
I called 911 from a telephone booth
I said, help her she's dying
From hearing the truth
I made her suffer
Have you read the news
That she had a lover
And I love him too

What goes around comes back around
Sorry that he choose me now
What goes around comes back around
Can't you hear she's crying out

Redrum
Redrum
Look what I did
Look what I've done, done
Redrum
Redrum
I took his heart
Is that so wrong?

She's done, done, done
Done, done, do-done
Done, done, done
Done, done, do-done
She's done, done, done
Done, done, do-done
Crying
Redrum
Redrum

Blood on the street
Rumours spreading realy fast
They talk about me
Like I've done something so bad
I called 911 from a telephone booth
I said, help her she's dying
From hearing the truth
Stop all the talking
Now stop all the news
The left to judge me
Ain't go any proof

What goes around comes back around
Sorry that he choose me now
What goes around comes back around
Can't you hear she's crying out

Redrum
Redrum
Look what I did
Look what I've done, done
Redrum
Redrum

I took his heart
Is that so wrong?

She's done, done, done
Done, done, do-done
Done, done, done
Done, done, do-done
She's done, done, done
Done, done, do-done
Crying
Redrum
Redrum

Redrum
Redrum
Look what I did
Look what I've done, done
Redrum
Redrum
I took his heart
Is that so wrong?

She's done, done, done
Done, done, do-done
I took her lover and now that he's gone
She's done, done, done
Done, done, do-done
Crying
Redrum
