

Soraya, Calm Before The Storm

when i am with you
don't want the world to move
want to freeze it
maybe wrap it up and keep it
steady now, so i won't lose you

When I am with you
it's like colors keep shining through
from lighter to darker
then richer to weaker
they're blended till I'm all lost in you

With a sudden turn my insecurity burns
I 'm thrown into the whirlwind of doubt
all the love that i now feel slips away from me until
I am isolated without you

If this is the calm before the storm
I fear the end is near
so I look behind the words you say
and try to find
your way out of here
what will be
your way out of here
what will be
your way out of here

When I am with you
sometimes i don't know what to do
would you believe me
if i were to tell you
that this craziness is all over you

With a sudden turn my insecurity burns
I 'm thrown into the whirlwind of doubt
all the love that i now feel slips away from me until
I am isolated without you

If this is the calm before the storm
I fear
the end is near
so I look behind the words you say
and try to find
your way out of here
if this is the calm before the storm
I fear
the end is near so
