

Sorcerer, Warrior's Heart

Like forgotten order of the Knights
Like monks of Metal faith
I'm the one of those who will baptize the world
By the double-edged sword
I follow the call of the wild!
I give a shout - it fills the sky!
Heart of the Warrior lives in You
Together We defend the Truth!
Never lose the Metal Faith
A new day will rise again!
I was born from Thunder, Fire and the Anger
Look at my Army now!
Dazzling like a lightning, burning like the Sun
Truth and Metal be my guide!
I follow the call of the wild!
I give a shout - it fills the sky!
Heart of the Warrior lives in You
Together We defend the Truth!
Never lose the Metal Faith
A new day will rise again!
I follow the call of the wild!
I give a shout - it fills the sky!
Heart of the Warrior lives in You
Together We defend the Truth!
Never lose the Metal Faith
A new day will rise again!
