

Sort Sol, Brogue

Here is a friend of mine
He sits on top of time
Georg Brandes at the microphone

No matter what you say
It's got that perfect sway
Georg Brandes you better put me on

It's in your dreams and mind
You leave things behind
Go go get it
Go go get it now

Shake, rattle and rock 'n' romancer
Radical rooster judge gone crazy
We are stranded over here
Stranded over here

She broke the silence now
My dreams are way too loud
Asta Nielsen on the mobile phone

It's in your dreams and mind
You leave things behind
Go go get it
Go go get it now

Shake, rattle and rock 'n' romancer
Radical rooster judge gone crazy
We are stranded here
We're stranded over here

Can you hear me?
A-ha
Can you see us?
A-ha

Shake, rattle and rock 'n' romancer
Radical rooster judge gone crazy
We are stranded over here
Stranded over here
