

# Soul Asylum, Nowhere To Go

Oh the west  
Where the men were mean  
The women were scarce  
And the sheep were mighty nervous  
You know I'm just a cowboy  
But I got no place to go  
There's no more ranges for me to ride  
They got rid of those 60, 70 years ago  
Stop,  
Look where you're going  
You're not going anywhere  
People everywhere  
New hairstyles

---

I ain't got nowhere  
Nowhere to go  
Sometimes I feel so  
So all alone  
I ain't got nowhere  
Nobody's home  
I need a fix and I'm oh so alone  
You \_\_\_\_\_  
Easier said than done  
I want you to make up your mind  
Don't bother telling me when you're done  
Are you all done?  
I ain't got nowhere  
Nowhere to hide  
Sometimes I wish I could see the other side  
I ain't got nowhere  
Nowhere to go  
I'm coming down and I'm oh so alone
