

# Soul Coughing, Horses

(M. Doughty)

14,000 times a second

The speaker moons

Magnitism pushes

the impulse through

But I can't keep that speed

I can't generate that frequency

What the sound pressure level means

Wants to randomize electrons--I can't read

And you're still not dancing

She came pushing sixteen

She came pushing sixteen horses

I saw her and thought of her and thought of her

And I thought I heard a doorbell tone

And I thought I saw thought I saw and thought I saw

You watching from the lawn

She went over bridges like the river was a dream dream

Over bridges like the river was a dream dream

She came pushing sixteen

She came pushing sixteen horses

Two rings two rings two rings clamp down

Quit it

Two rings two rings two rings clamp down

Quit it

Two rings two rings two rings clamp down

Quit it

Two rings two rings two rings clamp down

Quit it

She came pushing sixteen

She came pushing sixteen

She came pushing sixteen

She came pushing sixteen horses
