

Soul Coughing, Lemon Lime

But I have not seen it now or ever
Women descending on escalators

Coupled with this but also the same thing
Dolled up and spat out
So many denominations

I remember what you tasted like
A gumball
Lemon lime

And the numbers
on the rotary dial
Rewinding

Chinaman driver
Big sexy jerk

Down in the murk
Of your mystery
That's me, swimming

Down in the water at the corner of your eye
That's me, swimming
