

# Soulfly, Unleash

War after war  
The lion roar  
Hell after hell  
Cambodian death bells  
Scum after scum  
They blot out the sun  
Hill after hills  
In the killing fields

No more fear of failure  
No more suffering  
No more lies, I will arise  
From blood-filled rivers of my enemies

Unleash War  
Unleash My Wrath  
Unleash Revenge  
Unleash My Hell

Pig after pig  
The blood runs cold  
Stone after stone  
The kingdom comes  
Doom after doom  
The fallen ruins  
Hate after hate  
There's no escape

Unleash War  
Unleash My Wrath  
Unleash Revenge  
Unleash My Hell

No more scars of judgement  
No more tolerance  
No more compromise, I stand baptized in fire  
Unleashing my revenge

Unleash War  
Unleash My Wrath  
Unleash Revenge  
Unleash My Hell

Fucked up, you never ever learn  
I've reached the point of no return  
No I can't take it anymore  
You're borrowing the blood I earned  
From onslaught to oblivion  
You're never taking me alive

Victimized, brutalized, terrorized, crucified  
Crucified is the heavy side of life we live  
It's not how we chose, but it is how it fucking is

Unleash! Unleash!  
Unleash! Unleash!
