Chain on chill (chill),
Watch on freeze (freeze),
A pound a purp got me looking like Chinese,
Gucci Shades, but they still can't hide me,
Hit the club, seventeen with no ID,
Damn! I changed up the format,
Welcome to my crib,
Leave your shoes at the doormat,
Uhh, and ain't this Beat tight,
Chains say hello,
Watch say goodnight,
And I still look right,
This is the good life,
Gucci Bandanna just to make me look tight

And my bed got them super size Gucci spreads,
