

Souljahz, True Love Waits

You've walked this road so many times
And you swore you knew your way
But now you're looking in persuasive eyes
And you don't know what to say
When he tells you he loves you
when he tells you he needs you
When he says it feels so right it can't be
wrong
When he says it's the right time
That every things gonna be just fine
Still you know where your heart belongs
So believe that

CHORUS:

True love waits don't let anyone change your
ways
Look em all straight in the face
And tell em, No matter what I'll remain
the same
Don't want to be deceived
See I've found the key can't you see that I
believe, I believe
That true love waits for me, waits for me

You've told your self you've been here before
You see her face and then you open the door

Now its up to you so whatcha gonna do?
You love her with a smile then you love her
with a kiss
Some how you both knew that it would come
to this
Is it really worth it?
When she tells you she loves you
When she tells you she needs you
But in your heart you still believe

CHORUS

True love waits don't let anyone change your
ways
Look em all straight in the face
And tell em, No matter what I'll remain
the same
Don't want to be deceived
See I've found the key can't you see that I
believe, I believe
That true love waits for me, waits for me

And true love would say, "I'll meet you there
if you'll wait"
And true love would say, would say,
"If you wait for me I'll wait for you my love,
my love"
True love waits and you gotta keep the faith
With God you're gonna stay strong
with hope you're gonna carry on

CHORUS x2

True love waits don't let anyone change your
ways
Look em all straight in the face
And tell em, No matter what I'll remain
the same
Don't want to be deceived

See I've found the key can't you see that I
believe, I believe
That true love waits for me, waits for me
