## Soulwax, More Than This

Guess i had it coming ambition is my worst vice

next thing I know time is having it's way with me

working hard at putting skin on baloney

it all makes sense in some way i forget right now

somehow i manage to fool myself and everyone else

that this is really just only, maybe, only,

just the meantime meantime

frequent liar mileage as if I had a choice

limp to the edge of patience and let yourself fall

wearing out mirrors all over the world

i hope i can get far playing air guitar

in the meantime meantime

there has to be more than this there has to be more than this

somehow i manage to fool myself and everyone else

that this is really just only, maybe, only,

just the meantime meantime

there has to be more than this
