

# Soulwax, Scream

Like she was scream  
I try to hear  
what's in my dreams  
I gotta fear  
I cannot breathe  
please hold me tight  
I try to feel  
don't talk so fast

this radioactive she  
what she does to me  
caught her inside, cuts like a knife  
she's like a scream to me

I'm not afraid  
I cannot help  
there's no disguise, no alibies  
what do I think  
I cannot say  
something about me  
like she was here

this radioactive she  
what she does to me  
caught her inside, cuts like a knife  
she's like a scream to me
