

Soulwax, Scream

Like she was scream
I try to hear
what's in my dreams
I gotta fear
I cannot breathe
please hold me tight
I try to feel
don't talk so fast

this radioactive she
what she does to me
caught her inside, cuts like a knife
she's like a scream to me

I'm not afraid
I cannot help
there's no disguise, no alibies
what do I think
I cannot say
something about me
like she was here

this radioactive she
what she does to me
caught her inside, cuts like a knife
she's like a scream to me
