

# Soundgarden, No Wrong No Right

Watch for vipers and poison snakes  
Feeling fingers make no mistake  
Grabbing that pull your hair  
Stealing everything there, everything

Restless widow in the dark  
Carelessy looks for a spark  
Near the trap fate rears its head  
No hesitation, victim dead  
Just from the start it's the end

And it's all the same in the end  
It's all the same in the end

Spider moving up your wall  
To the ceiling he slowly crawls  
Weaves a web above your bed  
Egg that cracks falls on your head  
And it's all the same  
It's all the same  
No hesitation, victim dead  
Just from the start it's the end

No wrong no right or guilt admission  
It's all the same  
You've been bitten, you've been bitten
