

# Soundgarden, Nothing To Say

Nothing, nothing, nothing but the one thing

Someone said my words are out of balance  
Nothing to say, you've got nothing to say  
Dying words I bury everyday  
Nothing to say, I've got nothing to say  
Nothing but the one thing

You've got nothing, nothing to say  
Nothing but the one thing

Big bad word spell it with four letters  
Nothing to say, you've got nothing to say  
Oh my God, your words are out of balance  
Nothing to say, you've got nothing to say  
Nothing but the one thing  
Nothing, nothing

You've got nothing, nothing to say  
Nothing but the one thing

Nothing, nothing, nothing, nothing, nothing, nothing
