

Soundgarden, Sub Pop Rock City

I'm not stoned but I wanted to tell ya
When I'm in the mood, I could think of playing there
Going to Seattle where the rock's so heavy
With all them sex dogs in my Chevy

At the XTC, party, everybody's invited
Cool! give it dude, we're plastic like you
Going to a show, rock's all night
And everyone I hate is at the party tonight
I said Sub Pop Rock City
