

# SoundQ, In a Swoon

Molly crossed the water  
empty handed, pale  
Molly where's your daughter  
called to no avail?

Lying awake I picture the moment, frame after frame  
the vision was faked my mind had been clouded, let's see this again

Molly crossed the water  
Daybreak coming soon

Lying awake I see what awaits me, every day  
There was no mistake, yet here I am trembling in dismay

Molly crossed the water  
Daybreak coming soon  
Molly left her daughter  
Buried in a swoon
