

South Park, Circle Of Poo

Mr.Hankey:Everything that lives on earth poos in some way

And thats how the cycle happens each and everyday

Just look at the green green grass and the birds up in the sky

Its all here because of poo and now ill tell you why

Grass is eaten by the cattle

Which is eaten by women and men

Defuses with their body, and becomes poo again

And that poo goes through the sewer

which is tucked into the sea

and its eaten by the plankton which becomes the fishes me

We got bigger fish with the poo still inside

Swims up near the shore and gets eaten alive

By a grizzly bear that poos on a dead piece of sand

So that it can spring to the life and become poo for the land!

Its the poo of the antelope, the poo of the giraffe

Which crawls up to the earth, and becomes the blades of grass

The grass is eaten by the cattle, which comes out the other end

To make poo for the humans, and start all over again.

Mr.Hankey: You see son? Youre not an insignificate part of life!

You are life!

Cornwallis: But how can I be that blade of grass? Or a human?

I dont control what they do

Mr.Hankey: Just like your heart beets without u thinking about it.

So do your giraffes and humans do what they do. Without you even

thinking about it!But it is all one life form.It is all you.

Cornwallis: I think I see now (deep singinge voice)

Im the poo of the antelope, that flows onto the ground

Mr.Hankey: Which becomes the grass of tomorrow

Cornwallis: Yea

Mr.Hankey: Which the critters turn around

Cornwallis: And I'm the leg of a leopard. And the wings of a hen.

Both: Which becomes the inner part of humans, and turn back to

poo again. Thats the circle, the circle of poooooooooooooo.
