Shoot you in the buns I mean the dam ass

I'ma say hi to my favorite cities
I dont even care if they what little bitty
I get on my knees and I thank the Lord
whipping boys down with my microphone cord
swurl to the world diamonds and pearls
all my girls died like Devirl Ashurl
straw to the nose curl up my toes
selling that cane to them buttnaked hoes
man I aint foolish but I do talk to bullets
better tell ya boys to cool it
cause I grab it and I pull it man

[Chorus X2:]

As I look up at the sky
my eye starts blinking a tear drops my eye
