

South Park Mexican, You Know My Name

I'm SPM you know my name
I'm the one that came about the dope game
I've payed my dues and kept my cool
I'm the one that told your kid to stay in school
I'm from the streets thank god for rap
I creep through my hood in the smoke gray 'llac
Contridiction on my chest, versace on my clothes
I got too many too many heh YO
I'm shakin bakin cookies turnin rookies into vets
I used to see my dreams through a foggy pyrex
My lex is outside plus I got a 64
But my benz is wrapped up around a telephone pole
I'm drippin candy wet and I'm swangin 84s
Nothin but the screw bangin in my radio
I'm blowin this mary and im sippin on sherry
Give my homies mama money for his convisary
My name is..

[Chorus]

sssss ppppp mmmmm

I started off small now I'm stronger than the law

I tell you what it is
and ill tell you what it was

I guess im makin too much money with my microphone
I did my time no sunshine
it seems like they only wanna handcuff mine

[Chorus]

Uh I used to be a shoe shina

[Chorus]
