Sowelu, Moon on the water

Full moon sways Gently in the night of one fine day On my way Looking for a moment with my dear

Full moon waves Slowly on the surface of the lake

You are there Smiling in my arms for all those years

What a fool!

I don't know about tomorrow

What it's like to be

Ah~

I was sure

'Couldn't let myself to go

Even though I feel

The end

Oh my fair...

Floating like a bird that's in her wings

You are there

Smiling in my arms for all those years

What a fool!

I don't know about tomorrow

What it's like to be

Ah~

I was sure

'Couldn't let myself to go

Even though I feel

The end

Full moon sways

Gently in the night of one fine day

You are there

Smiling in my arms for all those years
