

Space, Bad Days (Remix)

Why do bad days last forever and ever?
and why do they happen to such sweethearts like us?

It's lucky for me you're stronger than superman
and when i need you most
you'll turn into Sherlock Holmes and save the day,
save the day, save the day, save the day.

Who needs Batman? Jason and the Argonauts?
I've got you what more could i ask for?

When i'm feeling lost and outnumbered by 100 to one
and my nerves have gone and all i want to do is run for cover
you appear from nowhere like a genie with a magic lamp
my three wishes all in one.
Take me on your magic carpet and save the day
save the day, save the day, save the day.

Who needs a magic wand? a pair of ruby slippers?
I've got you what more could I ask for?

Why do bad days last forever and ever?
and why do they happen to such sweethearts like us?

It's lucky for me you're stronger than superman.
and when i need you most
you'll turn into Sherlock Holmes and save the day,
save the day, save the day, save the day

Who needs a silver bullet? Garlic and a holy cross?
I've got you what more could i ask for?
