

# Spacemen 3, Ode to Street Hassle

Well I've been to some far out places  
I've read the writing on the wall  
But today I walked with Jesus and together  
Together we walk tall

And as we sat there talking  
Jesus turned to say to me  
"You'd better learn and love this life cos there's things  
There's things that are hard to see";

And as I sat there thinkin'  
Once again he turned to me  
He said "I've given you temptation but these things  
These things have got to be";

So I just sat and listened  
To what Jesus said to me  
Cos sometimes you gotta listen, if there's things,  
If there's things you just can't see

And while we were out walking  
Once again he turned to me  
And as I looked into his eyes his thoughts  
His thoughts just came to me.

Well some people never listen  
You know some people just won't see  
But I can see and hear these things  
These things have got to be.
