

# Spain, I Lied

Holding hands down by the shore  
And I know God knows it feels so fine  
Holding hands down by the shore  
And I know God knows it feels so fine  
I said I loved you  
I said I loved you  
Holding hands down by the shore  
Leaned over and whispered in your ear  
But I lied  
I lied  
I couldn't love you if I tried  
Holding you in my arms  
In my bed God knows it feels so fine  
Holding you in my arms  
In my bed God knows it feels so fine  
I said I loved you  
I said I loved you  
Holding you in my arms  
In my bed I whispered in your ear  
But I lied  
I lied  
I feel so dead inside  
I couldn't love you if I tried
