

Spain, Ray Of Light

Ray of light
I never see
Through the passing clouds
Or through the trees
When you left
Into the pouring rain
I knew I would never
See you again
Ray of light
Won't shine through
When love is through
When love is through
Late one night
I heard you at my door
But I pretended like
I wasn't home
Please forgive
Me for what I've done
But you know I would've done it
Like I did before
Ray of light
Won't shine through
What can I do
What can I do
Repeat 1st verse & chorus
