

# Span, Peaceful (From Album)

she never believed i'd do anything to hurt her.  
she never believed that i could do anything wrong.  
she firmly believed, but some beliefs can be fatal.  
now she is sound asleep.  
in other times i would have held her forever.  
in other times i would have gone by the book.  
but rule number one, never go crazy together .  
now she is sound asleep.

ref: she's so peaceful ,so peaceful, so peaceful, seconds before the storm.

she's a goddess, her eyes of true divine standards.  
she's a goddess, her lips are works of art.  
she's a goddess, her presence gives hungry dogs manners.  
now she is sound asleep.

ref: she's so peaceful, so peaceful, so peaceful, seconds before the storm.

but now, but now

this madness i fight to keep behind.  
leaps up front and destroys my mind.  
and nothing is strong enough to keep this rage inside.  
i wake her up as another i.  
and now i stare into her terrified eyes .  
and now i calmly gag her terrified cries.  
and now i leave her without even saying goodbye.  
i'm smiling i am shaking.

wooh, what has she done to me.  
to provoke such fantasies.  
now i'm all alone in this.

and she's so peaceful,so peaceful,so peaceful,so peaceful,so peaceful, so peaceful, ignorant of the

she's so peaceful,she's so peaceful.
