

# Spandau Ballet, Once More (Radio Edit)

I don't want to let you down  
I just want the chance to turn myself around  
I keep searching for the sound  
I don't want to do you wrong  
I just want to take us back where we belong  
We were hot and we were oh so strong  
Oh I know we will make it if we try  
Reach for the stars and we can touch the sky

Darling, once more, won't you give me one more time  
Say these words together  
I need you more than ever  
Trying once more  
One more chance to make it right  
Never say never, let's rise up together, take on the world

I don't want to change a thing  
I don't want to change this whisper to a scream  
Same old song in a different dream  
Sorry I stole the show  
I can't believe I had your heart and let it go  
I always loved you but I didn't know  
Oh there's nothing standing in our way  
We've got the love but do we want to play

Darling, once more, won't you give me one more time  
Say these words together  
I need you more than ever  
Trying once more  
One more chance to make it right  
Never say never, let's rise up together, take on the world
